During the 2024-2025 school year, the Charter School Office (CSO) Site Visit (SV) team will work with your charter school leader and Board of Trustees chair to plan for a site visit that is best suited for your situation. We intend to conduct all visits fully on-site. All site visits will be conducted in accordance with the New York State Education Department (NYSED) [CSO Monitoring Plan](#). NYSED will continue to use the Performance Framework and Board of Regents renewal policies to evaluate, in a summative manner, applicable charter schools for renewal recommendation determinations. NYSED supports charter schools submitting supplemental data in the charter

agreement for each Board of Regents-authorized school. It outlines performance benchmarks for school quality in three areas:

1. The school's academic success and ability to operate in an educationally sound manner;
2. The school's organizational viability and its ability to operate in a fiscally sound manner; and
3. The school's faithfulness to the terms of its charter and adherence to the applicable laws and regulations.

The 10 [Performance Framework](#) benchmarks should be used by charter schools for self-assessment and planning pur.7 (u)c 0g
