Additional things everystakeholdershould know about student participation in statewide assessments under the Every Student Succeedsct (ESSA)

The EveryStudent Succeeds Act (ESSA) outlines how states can use federal money to support put schools. New YorStatereceives \$1.6 billion in federal funding each year to support its public schools

What are the statewide assessment participation requirements under ESSA?

ESSA requires that every state assess all students in gradieslanguage arts or reading and math each year. States must assess solublents at least oncening schooln language arts and math way York State does not have yallows regarding parental rights to choose whether their children participates tate testing, but federal requirements include:

- x 95% of students in each public school, including charter scharels equired toparticipate yearly in required state assessments
 - o Thisapplies to all student subgroup which include racial/ethnic groups, Englishinguage Learners, low income students, and students with disabiliti
- x If requested, school districtand charter schoolare required toprovide parents with information on state or local policies regarding the rights of parents to choose to not have their childremarticipate in state testing.
- x States are not required toreate or change any laws they when place regarding a parental decision on participation in assessments.

What are some other ways to determine if a student who does not participate instate assessments

The school must conduct a participation rate self assessment.

The school must develop a participation rate improvement plan that includes #eastan analysis of the cause for low participation and a list of potentialways to solve the problement the school will pursue in the follow 0.0032.1 (al)3.1 [(I)k99 39.m-C1.4 (a)-3. (r)-1..(a)]TJ ET E
