

## Pathway 6: Assessments

130.3.(a)(6) Nonpublic school that uses **assessments approved by the New York State Education Department** for purposes of demonstrating compliance with the requirements of this Part. Such assessments shall demonstrate:

- *student academic progress as they move from grade to grade,*
- *be regularly used by the nonpublic school as part of its instructional program, and*
- *have a student participation rate which is equal or greater to the three-year state-wide average State assessment public school participation rate.*

[Please refer to the Substantial Equivalency Implementation Guidance for more details.](#)

**Notes:**

- (1) Per page 16 of the SE Guidance, only summative/cumulative assessments will be acceptable for demonstrating compliance with pathway 6. While other types of assessments do have value, diagnostic, interim, and formative assessments are not applicable for the assessment pathway. Such assessments may be considered within the context of using Pathway 7, the traditional LSA review.
- (2) Only assessments that are either *under review* or *approved* by the Department will be posted on the website. An assessment may be reconsidered for purposes of Part 130.3(a)(6) in the future. To do so, a new, completed application demonstrating compliance with all criteria for approval will need to be submitted. If you have a question about a specific assessment, please contact SESupport@nysed.gov.

Name of Assessment	Subject Area(s)	Grade Levels	Recommendation Status	Date Posted
ERB Comprehensive Testing Program	ELA, Math, & Science	Grades 1-11	Approved	12/21/2023
