The program is unique in that it embraces an environmental approach that identifies multiple strategies to support young people both schoolwide interventions and classroom lessons. PreventConnect is a national project of the California Coalition Against Sexual Assault with funding from the U.S. Centers for Disease Control and Prevention (CDC), National Center for Injury Prevention and Control and RALIANCE. The goal of PreventConnect is to advance the primary prevention of sexual assault and relationship violence by building a community of practice among people who are engaged in such efforts. PreventConnect also builds the capacity of local, state, territorial, national and tribal agencies and organizations to develop, implement and evaluate effective prevention initiatives</p>
