

Test Completion

Please note that test administrators will receive notification in Kite

operational testlet. Test administrators are strongly encouraged to deliver the field testlets, which help build a larger operational bank of available testlets. Please see the chart above for the number of testlets delivered per grade level. Field tests will not be counted in the total tests delivered according to the above. After you have completed the required testlets, please go back into Kite Educator Portal to see if a field testlet, which is labeled with N/A, is available just as you would check for an operational assessment.

Remember : After you have completed the required testlets, please go back in to Kite : Educator Portal to see if a field testlet has become available.
